

## **WI REPORT**

We have had another very successful year maintaining our maximum membership of 40 and now operating a waiting list for any interested ladies.

Have enjoyed an excellent programme of speakers during the year who have covered a wide range of topics.

Members have supported many federation events, attending the annual meeting at Trinity Park, entering teams in the quiz evenings and sending representatives to speakers showcases.

To support the village hall we have continued to plant and care for the flower tubs at the hall entrance during the year. A number of our members cooked and served at the successful sausage and mash evening which was organized to help raise funds for the hall refurbishment, and we are planning a cream tea afternoon on the 21<sup>st</sup> July to support the same project.

Unfortunately the litter pick had to be cancelled due to bad weather but we will support the Parish Council when a new date is arranged.

Following a talk on the Beehive Project we have decided to support the home in Nakuru, Kenya by collecting 1 & 2p coins in their special jam jars. This is a rescue centre established to provide a home and education for child mothers and their babies.
