3. The Minutes of the Meeting of 14th September 2020 were approved as a true record of the meeting.

5. Chairman's report

The Chair has submitted applications to SCC Highways for the speed sign to be located on both sides of Laxfield Road. The owner of *Blue Anchor* has offered to host a post for the sign outside their property.

The Chair has spoken to the owner of two of the pillboxes in the village. He does not wish for them to be adopted. He has said that he will maintain them and that the pillbox that is furthest from the public road could be suitable to host organised school visits.

6. Clerk's report

November's Parish Council meeting was postponed due to the second national lockdown.

Planning permission outcomes:

- Wardley windows- Permitted
 - Little Crimbles caravan- This is showing as decision still awaited online but LK and RW have chased and have been told that the Certificate of Lawful Use has been granted.
- Two new planning applications have been submitted since the agenda was issued:
- Old Spring Cottage DC/20/3929/FUL [The Chair pointed out that the name of this property is incorrect. It should be listed as "Little Wish". Also, there is no site notice at the property.]
- ACTION** Clerk to notify ESC and ask them to re-start the consultation period once these errors have been addressed.
- Dennington Place DC/20/5084/LBC *Full Planning application currently not showing online*

8. Procedural

i) Draft figures previously circulated for the 2021-2022 budget were mooted and adjusted slightly. Discussions were held about improving access to some of the village's footpaths and amenities. There are some funds available for this in the Asset Maintenance budget but more costings would be necessary before starting any such projects.

Councillors agreed to freeze the precept and to set it at £9,998 again for 2021-2022.

ii) Meeting dates for 2021 were agreed.

ACTION Clerk to circulate dates to Councillors, on website and noticeboards.

9. The following planning applications were discussed:-

JC left the meeting.

i) DC/20/4832/FUL | Conversion and alteration of existing buildings to form a new dwelling, including upgrading of existing access. | Gay House Farm Laxfield Road Dennington Suffolk IP13 8BT

ML proposed supporting this application. SS seconded this and Councillors all agreed.

JC re-joined the meeting.

RW and SS left the meeting.

ii) DC/20/5019/FUL | Site a 'Mock-barn' Style Building for Use as a Nursery School and Day Care Facility | Land Opposite The Village Hall To The West Of The B1116 Framlingham Road Dennington IP13 8AD

The member of public present was invited to express their opinion on the application or ask any questions. A concern regarding possible light pollution at night-time was raised, as well as a concern that the application was in a Conservation area.

Councillors then discussed the merits and drawbacks of the application at length.

There were concerns that the development was in a Conservation area and was outside the physical limits of the village and that if allowed, this application could set a precedent for other future developments. The question was asked as to why the Playschool could not be located next to the Primary School on Laxfield Road, as the Local Plan states. It was noted that site-specific policy SCLP12.49 (which requires provision to be made for an early -years setting) only relates to development on the Laxfield Road, and no application has been received nor is likely to be received in the medium term.

One Councillor wanted to know what would become of the building if the Playschool closed. [Subsequent communication from the Consolidated Charities informs the Council that the building will revert to Consolidated Charities ownership, in the event that the Playschool Charity is wound -up].

Having the Playschool in the same village as the Primary School was seen as advantageous. The site has good access, space for a car park and traffic that is physically forced to slow due to the bends in the road on either end of the field. It was also noted that the ownership of the land would remain with the Consolidated Charities and that the proposed use of any future building be consistent with the Charities' charitable purpose; thus helping to fulfil the Trustees' statutory duty to try to maximise the Charities' assets for the benefit of the village and surrounding area.

ML proposed supporting the application. JC seconded this. Four Councillors voted in support of this proposal and two voted against. *RW and SS rejoined the meeting.*
